

## Chromebook Devices:

1. Click the network icon in the lower-right corner of your screen.
2. Select **JHC-BYOD**
3. Change the **EAP method** to **PEAP**

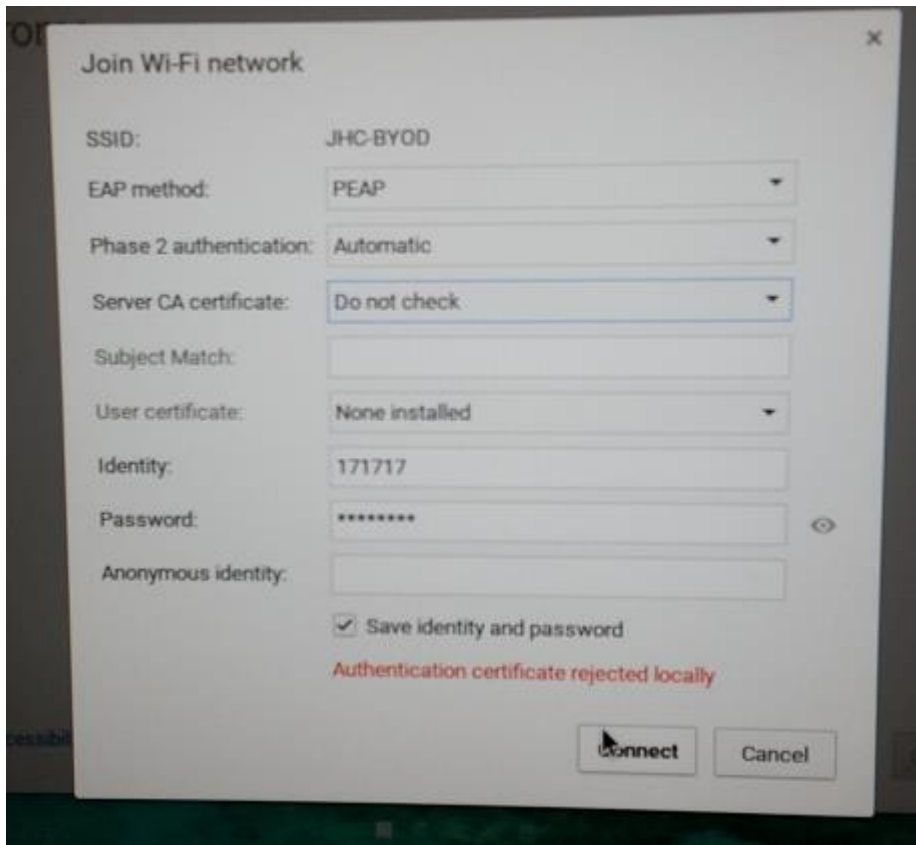

Server CA certificate needs to be set to **Do not check**

Enter your username in the **Identity** field, your username is your JHC Network Login. For students this is your student id number.

Enter your network password in the password field.

Do not worry about entering an Anonymous identity

Click **Connect** when done

4. You will now be connected to the JHC BYOD network. Open a web browser to access the internet on your Chromebook.
