

## iPhone and iPad IOS devices:

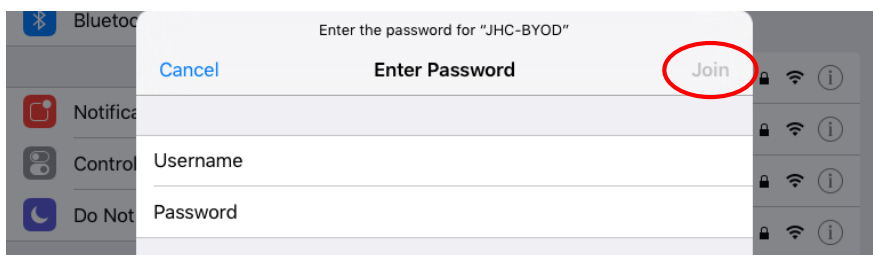

1. On the home screen of your iPhone or iPad click on **Settings**

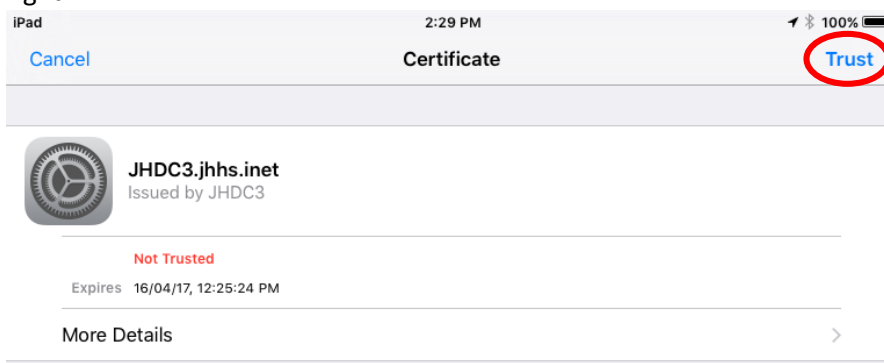

2. On the **Settings** screen on the left hand side select **Wi-Fi**. A list of Wi-Fi network will appear on the right hand side of the Settings screen.  
On the list of wireless networks choose **JHC-BYOD**.

3. You will be prompted to login. Enter your JHC Network username and password. For students this is your student id number only.  
Click the **Join** button when you are done.

5. You will be asked to trust a certificate when you connect. Click on the **Trust** button on the right.

7. Your iPhone or iPad is now connected to the JHC BYOD Wireless.
